

Stakeholder Engagement and Capacity-Building Worksheet

Implementing AI Across the Institution · Dr. Kollin Napier, Chief Artificial Intelligence Officer, MAIN

Name: _____ Institution: _____ Date: _____

Identify the groups whose support you will need for AI adoption. Gauge each group's interest and influence, decide how you will engage them, and note the training or capacity-building that would help them participate.

Stakeholder group	Interest (H-M-L)	Influence (H-M-L)	Engagement approach	Capacity-building or training need

Focus first on groups that are high influence and high interest, and on the capacity-building that removes their biggest barrier to using AI well.
